SEND Computing Conference

18th May 2018,
National STEM Learning Centre, York

For teachers of computing in special schools and similar settings, or primary teachers looking to engage and include all learners.

Practical workshops including:

- **Engaging unplugged activities for SEND learners**
- **App smashing to smash down barriers to learning**
- **Physical computing alternatives to the Bee-Bot**
- **Creativity using the Crumble Controller**
- **Minecraft on the Raspberry Pi**
- **Assessment in Computing for SEND**

Plus the results from the 2017 SEND Computing survey, sharing strategies and teaching resources.

To sign up go to:
https://www.stem.org.uk/cpd/422987/computing-conference-special-schools

Bursary to cover costs for state –funded schools and colleges.
